

ATX FIELD SERVICE ENGINEER

Description

AL-TAR Services is looking for an energetic and highly organized team member to work with our supportive team of engineers. The primary focus will be Calibration, Maintenance and repair at our current customer sites. A conscientious, proactive attitude and devotion for customer service is required. At AL-TAR, we've continually empowered our employees to develop their skills and advance in their careers. It's our philosophy, along with our uncompromising commitment to customer satisfaction that has made AL-TAR a success and a great place to work.

We currently have an immediate opening for a Field Service Engineer.

Responsibilities will include:

- Reading calibration procedures to obtain data to test or calibrate specific devices
- Selecting and installing accessories, such as adapters, indicating gauges, or holding devices on test or calibration fixture, and connecting instrument or device to fixture, according to specifications, using hand tools
- Setting controls to regulate factors, such as current flow, timing cycle, pressure, temperature, or vacuum, according to specifications, and activating test or calibration equipment
- Adjusting calibration mechanisms to obtain specified operational performance of device or instrument
- Rejecting malfunctioning devices and routing devices to specified department for rework or salvaging of parts
- Preparing calibration certificates and data reports
- Processing required service report paperwork
- Interacting with other departments and personnel to resolve any related issues
- Performing Preventive Maintenance and Corrective Maintenance service at customer sites

Qualifications

- Associates degree from a junior college or technical school and 1 year related experience, or equivalent combination of education and experience
- Specific calibration and metrology training as provided in a technical school, junior college, or military curriculum preferred
- GMP/GXP experience a plus
- Field Service experience a plus
- Preventive Maintenance experience a plus
- Histopathology experience a plus

AL-TAR offers a competitive salary and benefits program which includes:

- Medical
- 401(k)
- Tuition reimbursement
